

## Fostering Innovation & Entrepreneurship through Industry Collaborations

07 December 2023: Auditorium: JNTU-H: Hyderabad

### PROGRAMME SCHEDULE

0915 – 1000 hrs	Registration	
1000 – 1100 hrs: Inaugural Session: Driving Innovation through Industry-Academia Collaborations		
Academic institutions possess expertise in research and educating youth but need support in developing new products and services. To unlock the innovation potential of academic research, industry and academic institutions must collaborate to translate research into novel products and services. A robust system of universities, research institutes and technology development organisations, working in close partnership with the private and public sectors will have a critical role to play in making that happen.
